

As the first ever girl duo DJ act to hit South Africa in theme-based parties, this dynamic brand and electrifying pair of blonde bombshell shejays consists of Margaret Westergreen and Vanessa Holliday. With their creative futurism and diversity in both music and style, these ladies breathe a new life into the exciting world of entertaining and digitally played-out dance music.

Based in Cape Town South Africa, the demand for DIGITAL DIVAS hit national and festival in no time and has even led them out of SA borders for big events in Zimbabwe and for Earthdance Nairobi 2010 in Kenya. They have a national tour under their belts, performed alongside SA's finest and headlined at big events and venues such as H2O, MCQP and Truth.

Now in the world of live radio presenting and show hosting, their dance show on 'Electronic Erotica' pumps out their signature sound alongside the hottest features and all things saucy once a week on MFM Stellenbosch. Tune into MFM (92.6) or listen online at www.mfm.co.za every Wednesday night from 7– 9pm. They will however soon be moving to 2Oceansvibe radio in Cape Town – more details to follow soon!

Digital Divas are endorsed by the following:

THE SUNGLASSHUT www.thesunglasshut.co.za

2011 will see the launch of Digital Divas "LIVE" which involves a unique show concept that will blow your minds and bewilder all your senses with cutting edge technology and production. They are working hard in the studio and will be playing out their own tracks with yet another blonde diva performing vocals. The launch of this concept will be taking place on Sat 13 August at Trinity.

Digital Divas offer the following services alongside their DJ act; Events & Promotions, Marketing and PR, Sound Hire and Production.
